

# Certificate of Cremation

This is to certify that the remains of \_\_\_\_\_  
were cremated on the \_\_\_\_\_ day of \_\_\_\_\_, 2010. The said  
cremation was done by a factory trained, certified crematory operator, under the  
direction of a licensed mortician/funeral director with Charlie Marshall Funeral Homes  
& Crematory, Inc.

Charlie Marshall Crematory is a Private "Crematory, NOT a Commercial  
Crematory and because Charlie Marshall personally oversees that all cremations are  
done in a professional and Christian manner, you can rely on Charlie Marshall  
Crematory. A modern, state of the art cremation chamber, along with a special  
vacuuming system helps assure that no co-mingling of cremains (ashes) takes place.

Charlie Marshall Crematory will only cremate human remains, no animals,  
frozen or removed body parts from hospitals, nor any types of medical waste will be  
cremated in our cremation chamber.

It is our aim to provide our families with peace of mind. By owning and  
operating our own Crematory, our aim has been accomplished.

**CERTIFIED THIS \_\_\_\_\_ DAY OF \_\_\_\_\_**
